THE LABORING MEN OF POCHE.—Laborers are divided into two distinct classes. Poché has its miner, carpenter, blacksmith and a variety of other occupations whereby men earn their bread by the sweat of their brows. We also have men who gain their subsistence by mental toil, and in these rough countries where high prices are paid for labor of all kinds, the chances of the mechanic are equal with the clerk. They have their chances of becoming wealthy; their manual labor pays as well as the others' brain labor. An industrious mechanic has the means of improving his mind and can easily earn the means of gaining a fair education, develop his thinking powers, whereby he may become master instead of menial in whatever mechanical work he may have embraced. The safety and progress of humanity depends upon each man filling his appointed place, no matter how humble it may be. The world must have men to do its rough work; let the clerk, the professional man and others of that class look at the laboring man in an equal light with himself. For in America, it has been proven that labor is the key which unlocks wealth's great iron safe and opens the road to honor.

IMPROVEMENTS.—Messrs. Coleman & Wilson, of the Mint Exchange, are no laggards in the march of rapid improvement that now distinguishes the citizens of Poché. They have constructed a large and commodious fire-proof cellar, 14x20, for the reception of an immense stock of the finest brands of wines, liquors, etc., which they have just received by way of Palisade. In the first instalment, weighing six tons, is at hand, and those who indulge will be able to sample something rare and curious which for purity and flavor cannot be surpassed. Connoisseurs are invited to call at the Mint and ascertain for themselves that this commendation is not unmerited.

THE REVIEW thinks Mr. Holland has struck his true vocation when he proposes to wheel the first barrowful of earth that is moved on the grading for the Bullionville Railroad. We are glad that the Review is pleased, and can assure it that if reverses of fortune should ever require Mr. Holland to follow that pursuit to get an honest living he will certainly prefer doing so than to have recourse to less honorable means of support. It is to be hoped that the Review man would be willing to follow so good an example.

THE BULLIONVILLE RAILROAD.—Owing to the surveys not being quite ready, the grading for this undertaking was not commenced yesterday. To-day, however, all hands will be in readiness and the ground will be broken for one of the most important enterprises yet undertaken in Eastern Nevada. Once begun the work will be urged to completion with all possible rapidity and be the means, we hope, of materially reducing the price of the transportation of ore from the mines to the mills.

"RAIN."—We have received a poetic effusion headed "Rain," which demands a notice at our hands. We shall say to the author of these lines that poets are born, and in our judgment he must be born again, not with fire and the spirit, but with something of poetic genius, before he can hope to succeed as a rhymist. We say this much in no unkind spirit, but simply to urge the author to devote his pen to other and more useful purpose.

FAT BEEF.—Joseph Harrold (whom we remember as "Barley" Harrold, formerly of Tulare county, Cal.) has a ranch 60 miles north of the Humboldt, and has lately received from Texas a large number of beef cattle in fine slaughtering condition. O'Neil & Armstrong, of this city, are purchasing some of these cattle, and our citizens have an opportunity to regale themselves upon superior beef as was ever offered in this market.

DISCOUNT ON CHECKS.—We understand that in future Wells, Fargo & Co. will discount all approved checks drawn on the San Francisco offices of the several mining companies of Poché at the rate of one and one-half per cent. discount. This will be good news to the community, especially to the miners and employees who have found the present rates of discount quite an onerous tax.

MR. MATTHEW G. NIXON, formerly of the San Francisco Branch Mint and lately assayer at the Meadow Valley Mill, has opened an assay office in the rear of Heintzleman's Jewelry store, Main street, and from the reputation he bears all are assured that assays made by him will stand any test.

JUDGE GARDNER.—The Review says that this gentleman has resigned his position on the Supreme Bench of this State. This may be correct but we doubt it, for whatever may be the Judge's future intentions, we do not think he has already sent in his resignation.

REN AWAY.—Last evening a four mule team made double quick time down Main street, causing the dust to fly and those in their track to get out of the way in short order. The team was stopped at the lower end of town without any damage.

DISPUTED.—Yesterday a lot near Lacour street seemed to be greatly coveted. Some of the folks wanted to take possession and others wanted to prevent them doing so. After a small war of words things quieted down into their usual peaceful tone.

RE-OPENED.—Gerow's Saloon, Meadow Valley street, has been closed for some days for repairs, which having been completed, his house was re-opened last evening. He has one of the handsomest saloons in this city, to which he invites his friends and the public.

JUDICIAL APPOINTMENT.—Gen. Page has appointed C. H. Beckwith as Foreman of Construction for the first section of the Poché and Bullionville Railroad. The General has shown his usual clearheadedness in selecting for this position "Old Man Beckwith," as his friends familiarly style him, as he is endowed with all the business capacity and industrial energy necessary to push such enterprises to a speedy and successful completion.

THE REVIEW published an item on Tuesday charging M. F. Tarpey with discharging some men because they were members of the Grant and Wilson Club. Finding that its information was incorrect the Review yesterday made the proper correction. When we read the statement we felt that it must be incorrect, for Mr. Tarpey bears too high a character to admit of his acting so unworthily.

DISTRICT COURT.—The State vs. Chas. Wayland; indicted for assault with intent, etc.; pleaded not guilty, and bail fixed at \$1,000. State vs. Garrett; indicted for larceny; pleaded not guilty. Enright vs. County Commissioners. The Court in this case decided that the contract heretofore entered into by the County Commissioners for re-plastering the Court House should be set aside.

BULLION FROM TAILINGS.—Yesterday 20 bars of base bullion, the product of tailings from old Burke ores, were shipped to San Francisco, consigned to the Bank of California. It is the property of W. H. Raymond, and is valued at \$11,320.86. These tailings were worked at the Magnet mill.

FROM THE COAL MINES.—Messrs. E. S. Smith, E. L. Mason and John McFetish arrived last evening from the newly-opened coal mines in Iron county, Utah; all well. They bring encouraging advices from the mines, and inform us that shipments to this city will soon begin.

NEW ADS.—Geo. W. Hill, candidate for Assessor. Andrew Richardson, porter and "generally useful" man. Grand masquerade ball on the 16th. Sole trader's notice of Mary Ann Sonle. Arkansas mining stock lost by J. B. E. Cavalier. Matthew G. Nixon, assayer.

THE DEMOCRATIC COUNTY CENTRAL COMMITTEE will meet on Saturday next October 5, at the Recorder's office, Court House. A full attendance is desired.

THE MAJOR POWELL referred to in our Salt Lake dispatch is not the ex-Indian Agent, Maj. C. F. Powell, who is now probably in Washington City.

A social party will be held at Mrs. Grambs' Hotel to-morrow evening. The house has recently been renovated and thoroughly replenished.

THE BOARD OF EQUALIZATION was in session yesterday, and made some alterations in assessments.

A number of Republicans left here last evening to attend a rally of their party friends at Bullionville.

IN ALL CASES, of whatever nature, Dr. D. H. Whelpley guarantees a sure cure. In cases of venereal diseases, piles of long standing, chronic diseases, etc., a cure is effected without the use of mercury. He cures piles in a short space of time. Consultation strictly confidential. Office at Mrs. Pyle's Lodging House—Room No. 5.

A CIRCULATING LIBRARY affords a cheap means of obtaining good reading matter, and at a trifling expense. C. Weiderhold furnishes novels and standard works for 25 cents. He also keeps on hand stationery, cigars, tobacco and smokers' materials. His establishment is on Main street, opposite Meadow Valley.

ATTEND TO YOUR TEETH; don't wait until they ache and then in language of regret say you would give most anything to save them. Go at once to Dr. Nichols, Main street, and avoid sleepless nights. Save your stock of patience and, what nature intended, your teeth.

CIRCULATING LIBRARY.—Folk & Levin on Main street have just received the latest and best publications at their extensive circulating library, and they offer it to the public at 25 cents per volume. Call and see them.

AT BURRAGE'S DRUG STORE, Main street, directly opposite Lacour street, is the largest and best assortment of pure drugs and patent medicines; also perfumery, fancy goods, paints, oils, turpentine, lamp chimneys, etc.

WILSON & SOLOMON, dealers in Stationery, Cigars and Tobacco, Folks & McAlpin's saloon, Meadow Valley street. Also a Circulating Library.

A pleasant hour may be passed at Clancy's Saloon, where all the papers are kept on file for the use of patrons.

ROOFING!

THE UNDERSIGNED is prepared to furnish the people of Eastern Nevada with

Asbestos, Tin & Felt Roofing

H. W. Johns' Asbestos is recommended by leading builders in the Eastern States to be superior to either tin or shingles, as it neither expands or contracts by heat or cold, and is practically fire and water-proof. It is 39 inches wide, and is easily applied by any one.

From Report Judges American Institute Exhibition of 1870:
H. W. Johns' IMPROVED ROOFING—"Is a strong and flexible, unaffected by the sun's heat; practically fireproof, and is really an article of the first order of merit." Signed,
HORACE GREELEY, Pres't.
GEORGE PEYTON, Rec. Sec'y.
SAM'L D. TILLMAN, Cor. Sec'y.

Report of Judges American Institute Exhibition of 1870:
"These materials prove, by their general use and test of time, to answer their purposes fully." "The Best Article in the market." Signed,
W. R. OGDEN, Pres't.
JOHN W. CHILDRIS, Rec. Sec'y.
SAM'L D. TILLMAN, Cor. Sec'y.

This roofing is particularly adapted to mills and furnaces, as it is acid proof, and does not sweat or rust.

Also Asbestos roof paint and cement. Canvas roofs made perfectly water-tight, by Asbestos Cement.

Also, Asbestos roof paint, to be used on Asbestos, tin or shingles; and Asbestos Cement for bad leaks, gut or nail holes in tin before painting.

TIN ROOFING done up in neat bundles of 100 feet, in sheets 10 feet in length, sent with proper directions to any part of Eastern Nevada.

Also, common felt for sheds and other cheap, flat-roofed buildings.

Send exact measurement of building over all, and all roofs will be guaranteed to LEAK.

C. B. LOVELL,
Agent for Eastern Nevada.

Poché, August 20, 1872.

J. J. HALPIN & CO.
